

NEWS RELEASE

HYFLUX MAKES NEW APPOINTMENT TO MANAGEMENT COMMITTEE

Singapore, 6 February 2014 – Hyflux Ltd (or the Group) has appointed Mr Milind Kumar as Senior Managing Director responsible for the engineering, procurement and construction of the Group's projects in India, Middle East and Africa.

Mr Kumar, formerly Project Director of the Adelaide Desalination Plant for SA Water, will also join Hyflux's management committee. He will report to Mr Wong Lup Wai, Group Executive Vice President and Group Chief Operating Officer.

Mr Kumar has over 28 years' experience in project management, engineering management, construction management and general management in multi-discipline projects in energy, refining, petrochemicals, infrastructure, mining, power generation and water utility sectors. He has worked on large projects in the United Kingdom, Australia, India and the Middle East.

The Board of Directors and management of Hyflux welcome Mr Kumar to the management committee.

About Hyflux

Hyflux is one of the world's leading fully-integrated water solutions companies, with operations and projects in Southeast Asia, China, India, the Middle East and North Africa. Hyflux is committed to providing cost-effective and sustainable solutions in seawater desalination, water recycling, wastewater treatment, including membrane bioreactor (MBR) and potable water treatment. Hyflux's track record includes Singapore's first water recycling plant and two seawater reverse osmosis (SWRO) desalination plants, and some of the world's largest SWRO desalination plants in China and Algeria.
